

## Agreement of Royalty distribution

Date: .....

Name of "BOOK":  
Name of "BOOK CHAPTER":  
Name of "AUTHOR(s)":  
Name of the "PUBLISHER": B P International

This agreement is signed on the above mentioned date, between the "PUBLISHER" and the "AUTHOR(s)" for the above mentioned "BOOK".

### **Royalty distribution will be governed by the following clauses:**

1. Potential readers (apart from the "AUTHOR(s)"), are expected to purchase the online and print version of the book and the publisher will accumulate profit arising from such sale of Book. Profit will be calculated after deducting all costs from the actual sale price of the book. Normally 15-20% profit is expected, if high discount is not provided during the sale of book.
2. Profit will be distributed between the "AUTHOR(s)" and the "PUBLISHER" in 80:20 ratios. The "AUTHOR(s)" will get 80% of the profit and the "PUBLISHER" will get 20% of the profit.
3. In case of edited book, 80% of the total profit will be equal proportionately distributed among all "AUTHOR(s)" of the book chapters. For example, if there are 10 book chapters in an edited book then 80% of the total profit will be equally distributed among the "AUTHOR(s)" of the 10 chapters. So "AUTHOR(s)" of each chapter will get 8% of the total profit.
4. Royalty distribution of every calendar year (January to December) will take place within the first three months (within March) of the next calendar year. In case of Royalty payable to the "AUTHOR(s)", the "PUBLISHER" will send a report regarding the profit calculation by email to the "AUTHOR(s)". "PUBLISHER" will send the royalty to the corresponding author's PAYPAL account. "AUTHOR(s)" will take care of the payment processing charge for any other mode of payment (apart from PAYPAL), like bank wire transfer.
5. Any dispute arising from the royalty distribution will be under the jurisdiction of Kolkata, India.
